## PRESIDENT BIDEN'S FY23 BUDGET AVAILABLE ON GOVINFO

WASHINGTON – The U.S. Government Publishing Office (GPO) and the Office of Management and Budget (OMB) have made President Biden's Fiscal Year 2023 Budget digitally available. The Budget, which is made up of three volumes, is available for free on GPO's **govinfo**, the one-stop site to authentic information published by the Federal Government. The President's Budget is one of the most popular items on **govinfo**, having been retrieved from the site over 17 million times in the past decade.

"Producing the President's Budget is an important job for our team each year," said GPO Director Hugh Nathaniel Halpern. "Making the budget digitally available is another way GPO is contributing to an *America Informed*."

The complete, authentic online version of the Budget is now available digitally at <https://www.govinfo.gov/app/collection/budget/2023>.

GPO works with OMB to produce and distribute the President's Budget, an annual tradition since the Budget and Accounting Act was enacted in 1921. Print copies will also be available in the coming weeks.

GPO is the Federal Government's resource for publishing trusted information for the Federal Government to the American people. The GPO is responsible for the production and distribution of information products and services for all three branches of the Federal Government, including U.S. passports for the Department of State as well as the official publications of Congress, the White House, and other Federal agencies in digital and print formats. GPO provides for permanent public access to Federal Government information at no charge through [www.govinfo.gov](http://www.govinfo.gov) and partnerships with approximately 1,100 libraries nationwide participating in the Federal Depository Library Program.
